

Aquadryer XL – Humidity absorber – User manual

Sku: aqdr1

What's in the box?

1x Aquadryer XL: Humidity absorber 1kg / 2.2lbs

Instructions:

Place the Aquadryer in the desired location and it will begin to absorb moisture from the air. Possible locations are:

- In the side pocket of the door
- On the dashboard
- Under the front seats
- In the trunk of the car

Recharge the Aquadryer when blue drop turns pink. The pink dot indicates that the Aquadryer is fully saturated with moisture.

Recharging:

To recharge the Aquadryer, simply microwave the product at 600 Watts for ±6 minutes.
